Chronicle Cover 1853 Horse Show

(Reprinted from the Illustrated London News, Oct. 9, 1853).

I have just returned from the great National Horse Show at Springfield - a protracted affair of four days; and perhaps a brief account of the exhibition will interest at least your large and constantly increasing number of American readers.

The fair was held at Springfield, a beautiful town in the northwestern part of Massachusetts, pleasantly located on the banks of the sparkling Connecticut, one hundred and twenty-eight miles north of New York. The place is famous for its "U.S. Armoury", and for a hotel which has made a fortune and a national reputation by the excellence of its waffles and spring chickens. How sure and easy a

thing it is to achieve success by perfecting a specialty! The host says his cook, in New York, if prudent in his investments may retire a millionaire at the end of a dozen years.

The number of fancy horses exhibited at the fair was about five hundred, mostly trotters and carriage horses. There were but three or four Thoroughbreds on the ground; and of these Mr. J. B. Monnot's Logan took the first premium, 200 dols. He is a beautiful creature, eight years old, with a pedigree both illustrious and pure, which is more than can be said of our human nobility. Mr. Monnot is a native of France, who made a fortune while proprietor of the celebrated New York Hotel, and is now a retired gentleman of fortune, with a stud of some fifty horses, including the best blood in the country. But the most famous animal exhibited at the fair was the magnificent horse Ethan Allen, for which his owners have refused the offer of 20,000 dollars, or 4,000 pounds. He is "as Handsome as a picture," and that, too, the picture of the noble horse in Herring's "Village Blacksmith", one of the finest animals ever painted, and the last work ever engraved by the late lamented Patterson. In point of speed Ethan only showed on this occasion 2:40 in a mile trot against Hiram Drew. But he has done, and can do much better than that.

The number of persons in attendance at the National Horse Fair has been im-

mense, and railroad companies and hotel proprietors have gathered a harvest from the exhibition. The whole affair has been most admirably and orderly conducted, and many of the most distinguished citizens, clergymen included, have been daily witnesses of what, in puritanical parlance, is called "trials of speed". In the South, as well as in England, they call it "racing". There was no gambling, no drunkenness, and no signs of betting seen on the ground; and at times the inclosure of Hampden Park was graced by the presence of some 5000 ladies. Piled up on benches, rising one above the other, dressed in all the colours of the rainbow, with parasols of all shades gleaming in the sun, the brilliant mass, at a little distance, looked like a bed of flowers embossed upon the face of the sky - the exuberant skirts entirely concealing the seats.

Horse-taming by one of the brothers Rarey was one of the leading attractions of the exhibition. I saw him subdue, in less than thirty minutes, a very vicious colt, but, being under bonds of silence, as one of his "pupils", I can only say that firmness and kindness are among the secrets of subjugation. By the constant exercise of these two sovereign powers there is no doubt but all animal and human ferocity may, in time, be overcome; so that the prophecy of peace may be fulfilled when "the lion shall lie down with the lamb, and a little child shall lead them".

The intellectual part of the entertainment was enjoyed at the grand banquet given in the spacious and elegant City Hall. Governor Banks, of Massachusetts late speaker of Congress, who has his eagle eye on the Presidential chair, made a sound, sensible, and effective speech; and the Rev. A. L. Stone, of Boston, "talked horse" like a Christian. But the great speech of the evening, and one of the greatest attractions to the fair, was delivered by the Hon. Edward Everett, the most eloquent man in the nation. His remarks will be universally read and admired, and become incorporated into the literature of the horse. Mr. Everett spoke of the docile, dutiful, beautiful, and noble animal, "the humbler partner in our toils", with a tenderness truly touching; and his humane sympathies will be likely to lessen the use, if not the sale of whips.

These exhibitions are creating a horse-mania throughout the country; and all the breeders are experimenting in pursuit of the three great elements - speed, beauty and strength. Since the adoption of steam as a "beast of burden" the horse is regarded more as a luxury than a drudge; and he is now treated with more tenderness and consideration than millions of the human race. No ball-room belle was ever more carefully toiletted than those fast trotters and splendid horses of the Springfield Show. Every particular hair receives particular attention; and comparatively few human beings are kept as clean and sweet as these beautiful horses. What a race of men, in the process of time, might adorn the earth were as much attention paid to their breeding as is bestowed upon the breeding of animals.'

CRUELTY TO HUNTERS AND JUMPERS

At the end of this column is a letter written by the Governor of Tennessee, followed by comments from the President of the Tennessee Walking Horse Breeders' Association, about showing these animals with sore ankles, concealed by bell boots, so as to produce more brilliant performances at the running walk. Why should The Chronicle, whose chosen field is not this breed but the Thoroughbred, publish such an item and thus air the dirty linen of others? The answer is that we have some dirty linen of our own that needs airing—and badly.

It is common knowledge that a number of the hunters now winning in the show ring are able to give the quiet and collected performances which put them in the ribbons, only because they are under the influence of tranquilizers. These drugs are advertised by pharmaceutical companies to prevent injuries while shipping—an entirely legitimate use. In order to win hunter classes in the show ring, however, one must have a near-Thoroughbred or Thoroughbred, a breed which for 250 years has been selected on the basis of racing temperament. Thoroughbreds naturally possessing hunter temperaments are consequently few and far between. But, with the help of tranquilizers, the keenest race horses can easily be keyed down to lamb-like performances. Thus the unfortunate beasts are turned into drug addicts, becoming more and more dependent on the needle. Taken intermittently, as recommended by the manufacturers, tranquilizers do not affect a horse's normal functions, but taken regularly there is considerable evidence that they can affect not only the nervous system, but also respiration and vision.

With jumpers the problem is just the opposite. Although stimulants have undoubtedly been used on a few jumpers ever since the end of the last century, the rushing, excitable performances so characteristic of these classes are due, not so much to drugs, as to the fact that the horses have previously been "poled" over fences to prevent their ticking them. Certainly a light pole in the hands of an expert is a perfectly legitimate schooling device, but there is far too much use made of wires, tack poles and other instruments which belong only in the chamber of horrors. These lead to both physical and mental cruelty. Although our jumpers may be physically sound, the majority, because of schooling methods and over-

THE CHRONICLE

facing, are temperamentally unsound—just watch any A.H.S.A. Jumper division and count the number of horses that go quietly round the course in standard bridles—the fingers of one hand will be ample for the purpose.

What to do? Most exhibitors quite honestly deplore these practices. On the other hand they show horses to win ribbons. Just a few rotten apples in the barrel—and there are, in fact, just a few—can force these practices on the others. To put the whole responsibility for clearing up the situation on exhibitors is unrealistic. They must have help from the authorities.

What authorities? Are these going to be political bodies, such as the State of Tennessee, or are they going to be the exhibitors' own organizations, the local, state and national horse show associations?

The Tennessee Walking Horse situation has been a scandal for years, but it was only last January that the American Horse Shows Association got around to adopting rules with teeth in them—by which time the fat had already been dropped in the direction of the fire. If the A.H.S.A. would arrange for saliva tests at a few of the major shows, the use of tranquilizers would soon be reduced to minor proportions. As for the jumpers, Lt. Col. Jonathan Burton, a former Olympic rider, gave the answer in our issue of Jan. 29th.—abolish the tick rule. Ticks are not counted in international horse shows or classes (F.E.I.) in which the horses schooled for these events perform far more quietly and safely.

It is much later than a lot of people think. Unless we put our own hunter and jumper houses in order—and quickly—we are certainly going to get the same kind of working over from the press, politicians and public that the Walking Horse people are not enjoying a bit.

No argosy is completed until the Argonauts are safely home and the golden fleece has been converted into good, solid industrials.

Authors, historians and inventors of fairy tales do not understand this. They use reams of parchment describing the excitement and adventure of the questing journey and the acquisition of the loot, and then, on the back of an envelope, scratch a few lines about the trip home.

They deal in half-told tales. It is a scientifically-proven economic fact that almost any oaf can latch onto a mess of loot once in his lifetime, but only a genius can stay latched on.

The fairy-story fabricators probably are responsible for this delinquency in reporting. They would get, say, a prince, married and then leave the poor guy to his own devices with the obviously inaccurate observation that he "lived happily ever after."

In fiction, when the handsome, young American finally finds the valley where all the elephants go to die and gets his station wagon loaded with a million dollars' worth of high-assay ivory, his troubles are just beginning. Despite the pitfalls that still lie ahead, the author is ready to wash his hands of the whole business. He permits his readers to assume that the safari got back to Durban without

incident, when a thousand logical questions arise. Isn't it dangerous to travel through hostile M'sai country with a fortune in pachyderm tusks? And how about the trouble they had, on the way up, getting across that river full of hippopotamuses? Won't they have trouble going back, too? And what about the White Goddess? Will she be frightened by the great silver bird that carries people across the big water? And how will the gentlefolk at Ligonier react to that off-the-shoulder leopard-skin thing?

The same half-way reporting surrounds the stories of great wagering coups.

A man will tell you of his sagacity in fixing upon a particular choice, and go into intricate detail delineating the fine work of the horse and rider, and the warm glow of success that came when the numbers went up on the board.

There the story stops - usually. Rarely does a successful investor tell of the danger-packed episodes that follow - how he resisted the temptation to slap it all on a likely one in a later race; how he managed to shake off a rough-looking character who might have seen him drag the loot out of the cashier's window, how he slept with a loaded gun under his pillow, and, finally, how he arrived at the finance company office in triumph, the next a.m.,

3
to dissolve a lien that had been leaning against his Chevy.

With so many incomplete chapters in the true tales of Turf triumphs, the story of Mr. Dee's double is particularly refreshing.

It was a bright spring morning, some years ago. The horses were running at Bowie, but the exigencies of business had strapped Mr. Dee to his desk. His thoughts kept wandering, though, to the green fields of Prince Georges County and the accomplishments of Jockey X, who had been going great guns at the meeting.

Dream of Fortune

Just as Mr. Dee had formed a glorious dream about having a daily double ticket on Jockey X's mounts, in walked a gent who was NOT hemmed in by exigencies of any sort. He was going to the races. An obliging person, known as Tokey everywhere tip sheets are sold, he said he would be glad to purchase a double ticket for Mr. Dee.

Struck by this turn of fortune, Mr. Dee concluded that this must be HIS day, and decided to press his luck. This is typical of the optimism of the Turf enthusiast. He hadn't gotten his first two horses home, but ordered, "If the double wins, split the money and play one-half on Soandso in the seventh and the other half on Suchandsuch in the ninth."

Tokey agreed and was off for a day of sport.

Back in those wonderful times, the radio was used for the purpose for which Marconi invented it. i.e., to give race results promptly.

Thus, a few moments after the first race at Bowie had been declared official, Mr. Dee knew he was alive in the double.

During the next half hour he loosened his exigencies so he could do a better bit of worrying.

The news that came in after a long 30 minutes was good. Jockey X had brought off the double and Mr. Dee was the proprietor of \$320.60.

Suddenly, the thought came over him that he would rather have \$320.60 than half of it going on Soandso and the other half on Suchandsuch.

Time to Act

He threw off his exigencies entirely and called three trusted staff members to his side.

"Follow me, men," he shouted and dashed for his car. On the flying trip to Bowie, he explained the circumstances and outlined a plan of operation. "Joe, you go through the clubhouse; Bob and Carl, cover the grandstand. I'll take the bar."

"Tokey doesn't drink," Bob protested. "I'm directing this campaign," Mr. Dee responded in a tone indicating he would tolerate no insubordination. "We've got to search every corner of the place. And remember, our battle cry is 'Find Tokey!' And when you find him bring him to the lower end of the grandstand."

On the parking lot, the party broke up and deployed. Bowie is not a large track and, in the late '30's, weekday crowds broke no records, but the sixth race had been run before Bob and Joe collared Tokey.

"Come on," they ordered as each grabbed an arm.

"I can't," the lad who had carried the money to Bowie protested. "I've gotta bet this race for Mr. Dee."

"Mr. Dee doesn't want to bet it; he's changed his mind," Joe advised.

Wanted Official Sanction

"Then let him tell me so himself," Tokey came back.

"That's what he's going to do," his captors said in harmony, and then half dragged him to the lower end of the stand.

Mr. Dee, a little short of wind, but a trifle strong of breath, arrived at the same time.

THE CHRONICLE

"Okay, I'll take the money," he said. "You're crazy," the one-bet commissioner declared. "You're in a streak of luck and you ought to ride it."

"Gimme me the money," Mr. Dee ordered.

Tokey looked embarrassed. "I - I can't - right now."

"Did you bet the double?"

"Yes."

"Have you GOT the money?"

"Yes."

"Then why in blazes can't you give it to me?"

"I can, but I've got to sit down," was the amazing response from the man who had made the bet and still had the money.

"Well, for heaven's sake sit down, but give me my dough," Mr. Dee almost shouted.

Tokey strolled over to a bench and Mr. Dee and his raiders followed.

Seated, Tokey leaned over and untied his right shoe. He slipped it off and took some money out of it. "There's a hundred and sixty," he said. Then he took off his left shoe, produced more money and added, "and there's the other one-sixty, and here's the sixty cents." That came out of his pocket.

The trip home was uneventful except that the party stopped at a wayside tavern for a modest celebration.

Tokey was not along, he stayed for the last two races.

concern and the concern of many of our farmers, horse breeders, showmen and those in general that love and look on the Tennessee Walking Horse as the finest breed in America.

As a member of the Tennessee Walking Horse Breeders' Association and in my official capacity as Governor, I am tremendously concerned about the adverse publicity that has been given to our Association, our breeders and all others concerned. Such publicity does not only affect the guilty, but will greatly affect the acceptance of Tennessee Walking Horse to the general public. I want to plead with you that we "clean up our own house". I have known for some time the desire and honest efforts of the Tennessee Walking Horse Breeders' Association and its officers to take proper action to correct the situation. May I commend and congratulate you on your efforts.

I have been associated with the Tennessee Legislature - directly or indirectly - for the past six sessions. During each of those six sessions there has arisen the possibility of legislation being passed to curb some of the things that have been brought to light in recent publications. And, I insist that unless we of the Association take immediate action to correct the conditions which exist, and unless we can receive the cooperation of the exhibitors, breeders, trainers, judges, and all others concerned, legislation will be passed or our present laws strengthened to deal with it in our next session of the Legislature.

I believe our Association would prefer to work out its own problems rather than turn them over - through the Legislature - to other organizations and groups to handle. I pledge you my full cooperation in taking whatever steps are necessary to remedy the situation in which we find ourselves, and it is my sincere hope that we will be able to do the job within our own Association.

Sincerely,
 /s/ Buford Ellington

At a dinner given by the Tennessee Walking Horse Breeders Association on March 10th the President, J. Glenn Turner of Dallas, Texas, read the above letter and went on to say: -

"It is difficult to calculate accurately the amount of mail that has been received by our organization and by many of us personally in response to the publicity which has appeared recently on the subject of sore horses. Nor is it easy to describe the vehemence with which people all over these United States have taken up the cudgel in this matter. Everdure Man o'War Quality Hercules Plank Fence

6" half-round posts and 4 1/2" half-round rails. Good-looking and never requires painting although painting is easy. Hercules Plank fences are far stronger than any ordinary plank fence - so strong in fact that the posts can be spaced 10' apart instead of the customary 8'. That means 25% less cost in installation. Furthermore, no capplates or face plates have to be nailed on. All that and still a cost saving as compared with ordinary plank fences. As with all other Everdure products a free replacement will be furnished for any part destroyed by rot or termites within 30 years after erection.

Everdure Man o'War Quality "Chestnut Replacement" Fence

There are thousands of miles of chestnut rail fence that is falling down from rot and termites. EVERDURE can furnish a strong, 30 YEAR GUARANTEED Split Rail Fence of dark color and similar informal appearance. Horses won't chew the rails.

Everdure 'S MAN O' WAR QUALITY POST & RAIL FENCE is similar in appearance to the above picture except that the posts and rails are smooth, round and tenoned together. This fence is strong, trim and formal looking.

As many out-of-state horsemen are still unacquainted with Everdure, we are offering, temporarily, to absorb all or a considerable part of the cost of shipping!

San Juan Capistrano Handicap

We ran out of gas in our column of March 18 and omitted one of the big races of the year - Santa Anita's San Juan Capistrano Handicap. The one and three-quarter miles turf race was run on Wed., Mar. 10. It had a \$100,000 added purse for the seventeen Thoroughbreds, 3-year-olds or upwards, who thought they had a chance at a part of it.

Mrs. T. Chistopher's *Amerigo was the highweight, with 122 pounds; he was

also the favorite. However, it took the "go-go-go" of jockey Willie Hartack to get him under the wire a nose ahead of Mr. and Mrs. J. R. Clark 2nd's King O'Turf. Jockey Hartack flew from Florida to California to keep this engagement.

Triple K Stable's Aorangi finished third and Mr. and Mrs. C. Turner's Porter was fourth in the stamina proving contest. *Amerigo's time for the 1 3/4 miles was 2.47 4/5 over a firm track.

*Amerigo is a 5-year-old chestnut

horse, by Nearco-Sanlinea, by Precipitation, bred by H. de Walden (England). Harris Brown trains him. He received \$73,800 for his latest winning effort. *Amerigo collected \$21,080 for his first three years of racing. Last year as a 5-year-old he pocketed \$213,079. So far this year he has \$153,492 to his credit, and now has won \$387,651.

Gulfstream

The Green Valley Handicap, 3-year-olds and upwards, was the feature event of the Wednesday, March 16, racing card at Gulfstream Park. It carried a \$10,000 added purse for the one and one-sixteenth miles run over turf. Ten grass cutters, all over three years old, left the starting gate with an eye on that "oat money." Cain Hoy Stable's One-Eyed King was paced well by Manuel Ycaza who brought him under the wire to a confident half length score over Oatlands Farm's *Amos II. Brookmeade Stable's Big Effort was third and Greentree Stable's Eurasis, fourth. The winning time for the 1 1/16 miles was 1.42 2/5 over a firm track.

One-Eyed King is a 6-year-old bay horse by *Nasrullah-Siama, by Tiger, bred by H. F. Guggenheim. W. C. Stephens is the trainer. One-Eyed King received \$7,725 for his latest winning effort and now has \$210,301 bracketed to his name.

THE CADILLAC "V" AND CREST Interpreted in Diamonds and Platinum BY CARTIER

Maybe this could be your "someday"!

Most people say that someday—if events keep pace with their dreams—they hope to own a Cadillac car. Among these are many who do not yet realize that Cadillac has become for them a present-day practicality. For Cadillac's economies have never been more convincing than they are today. Initial cost represents a sounder investment than ever in terms of

value received. The car's operation is practical almost beyond belief—and, as always, it is in a class of its own as far as resale is concerned. Isn't it time you found out how close these facts bring *you* to the car of your dreams? Then we urge you to visit your Cadillac dealer—take a demonstration drive—and hear the 1960 story for yourself.

Gulfstream Park Handicap

The 15th running of the Gulfstream Park Handicap held the center of the racing stage on Saturday, March 19. For 3-year-olds and upwards, the handicap stakes had a \$100,000 added purse, and the distance was one and one-quarter miles. Eight top running handicappers answered starter G. R. Wingfield's summons to the barrier.

Cain Hoy Stable's Bald Eagle came out between horses in the stretch to outrun

Mrs. T. Christopher's *Amerigo by three-quarters of a length. Calumet Farm's On-and-On was third, three lengths farther back. There were two lengths of daylight between On-and-On and Brookmeade Stable's Sword Dancer, who finished in the number four slot. Bald Eagle's time for the 1 1/4 miles was 2:01 1/5 over a good track.

The winner is a 5-year-old bay horse by *Nasrullah out of Siana, by Tiger, bred by H. F. Guggenheim, whose home course is Cain Hoy Stable. Manuel Ycaza was the winning rider and W. C. Stephens, the trainer. Bald Eagle's connections netted \$71,400 for this one, and

it boosted his credits to \$442,277, for his racing career.

Bald Eagle is a full brother to the stakes winning One-Eyed King.

Bowie

Bowie put on its 6th running of the Governor's Gold Cup on Saturday, March 19, and nine 3-year-olds turned out for the seven furlongs, \$30,000 added, allowance stakes.

Harbor View Farm's Francis S. broke from the starting gate at the head of the field and led every foot of the way to finish four and one-half lengths ahead of A. G. Vanderbilt's Idolater. W. H. Bishop Stable's Playgoer was five and one-half lengths to the rear of Idolater for the show-part of the purse. April Fool Farm's April Skies finished fourth. Francis S. made the 7 furlongs in 1:23 3/5 over a good track.

The winner is a chestnut colt by *Royal Charger out of the War Admiral mare Blue Eyed Momo, bred by L. Combs 2nd and J. W. Hanes. Joey Culmone was in the saddle and Burley Parke did the saddling up. The score added \$22,840 to Francis S.'s bankroll. It was his first stakes victory. Financier Louis Wolfson purchased the winner as a yearling for \$21,000. His trainer, Burley Parke, reported that the horse would be shipped to New York and "reserved for sprints because he is touched in the wind."

Bay Meadows

The San Jose Handicap at Bay Meadows, San Mateo, Calif., drew a field of nine 3-year-olds or older horses. It had a \$15,000 added purse and the distance was one and one-sixteenth miles. A net value of \$10,100 awaited the winner.

Jockey R. Mundorf rode Mr. Snack to victory over Circle Lea. Prize Host was third and *Sundown II, fourth. The winning time for the 1 1/16 miles was 1:42 2/5. Mr. Snack is a 5-year-old chestnut gelding by *Lucius out of Snack who is by *Sickle. W. W. Naylor bred the winner.

*Lucius is a Hyperion horse out of Lucerne, by Sansovino.

Horse Show Publicity And Announcing

Robert F. Doubleday

We speak first of horse show publicity and find agreement with all that Bill Bryan writes. We submit, however that he misses, as every horse show seems to miss, the radio and television end of publicity - but that is something that cannot be clipped and put into a scrap book, dammit. Every local radio and TV outlet is crying for this same information and its value cannot be adequately measured. And, whatever applies to Bryan's suggestions as to form, style and method, for newspapers, also applies to the media of the ether.

We might add that where the paper insists that horse shows are not athletic or sporting but more social, then the best expedient is to make them social.

Where pictures are concerned may we fervently ask that the photographer be given first refusal on everyone's times - get him his picture and get him on his way. More times than not he couldn't care less about the horses or the show and no amount of hard sell then or later will change him. Help him with his job and get on with it. The same is true of TV cameramen.

Its good to read from Colonel Burton. This is to say a kind word, please, about announcers who are at one and the same time a program producer and a master of ceremonies. To call him just an announcer is to confine him to just the pitfalls that the good colonel suggests. However, he is to be reminded that the change about giving just numbers instead of complete identification must be made by the chairman, his committee and a majority of exhibitors themselves. No mike man is going to catch hell from all three factions because he used his own judgment. The system must be agreed upon before the show starts.

If the MC is worth his salt he must have an adequate public address system, not just something manufactured at 10 o'clock that morning from a motion picture projector. He is entitled to a calling system for his horses; he will find, as I have, that no exhibitor has ever been deliberately late for a class. Let's do away with the generous committeeman or manager who is always ready to change classes and time schedules. When will these characters learn that, once published, the time schedule is not to be changed - because no one can change human nature that quickly or easily.

The manager who insists upon printing the time of each class in his prize list or program or both is asking for trouble and protests. He does his mike-man a great injustice by first hiring him and then in print telling him that he is no

good and that he can't keep his show on time or his people informed.

Professional managers have bridged successfully the gap between the ever-changing show committee from year to year, and the professional ringmasters have added color and zip in most cases. But while the ringmaster is the virtual boss in the ring his M.C. at the mike furnishes him the horses to make him look good in the ring and that takes a bit of doing. Every exhibitor deserves the best information first and long in advance. The favor of the spectators should also be curried, but the exhibitor is THE important one.

As a professional who daily makes his living before a radio and TV microphone I dislike the unqualified, if broad, comment of those who aspire to the job with little background save an abiding friendship with the chairman. Committees who hire professionals, however, have every right to expect the very best of service.

The standard form of entry blank is filled in with the name of the horse and owner, never the name of the rider and

seldom the name of the stable. All these last two make news in the first place and the data should be required at all 1960 shows. Once the show starts the M.C. is nailed in one place. Rarely does he have a chance to get names, except from the current crop of trainers around the in-gate. Many times his mike is half way around the ring, completely surrounded by the political and social aspects of the affair and there is little escape from that terror.

Suggested do's and don'ts might well include:

Include the name of rider on every entry blank and in catalog.

Plan in advance for a suitable sound system and auxiliary power. Best buy it.

Give your M.C. all the programs he wants without the usual frown.

Don't make him a pan handler or a policeman. Selling popcorn and tickets and moving crowds around, especially in front of ringside parkers, are two things he never agreed to do.

Leave him alone . . . he has a big job to do and, although he is polite, interruptions are hardly to be desired.

Keep him informed of any changes, postponements and also on progress.

Believe him in re dangerous horses, poor riders and timing. He can see a lot more from his perch than a ringmaster can on the tanbark.

Don't let him pre-empt the judges or give scores until notified. If a walkie talkie is in use then learn how to use it

HIRSCH JACOBS, 11 times the country's leading trainer, says:

"For a stakes winner like Promised Land only the best will do. I use Absorbine."

"For years now, veteran horsemen have known the value of Absorbine as a leg-tightener," continues Mr. Jacobs, "—used either straight on filled tendons or in a daily wash. But in my stable I like it as a body-wash, too—helps horses cool out and stay supple, especially colts. Sure, there are a lot of liniments around, but I prefer the best, Absorbine."

Since 1892, a bottle of Absorbine has been standard equipment in the best stables, as an astringent, conditioner, and gentle antiseptic. When used either full-strength or in a wash, Absorbine is consistently effective, yet safe—won't cause blistering or loss of hair. The large, long-lasting bottle is still only \$2.50 at any druggist's.

Promised Land numbers the \$100,000 Added Pimlico Special among his many wins.

properly; if signals are given, make them broad enough.

Let's stop waving ribbons impatiently from ring center. He is checking the judges' cards to avoid mistakes.

Don't ask him to make public corrections. With a little help the mistake would not have been made in the first place.

Never change the showing order or the time schedule.

If you print the clock on the prize list, then print it also on the program. The practice is not to be recommended in either case.

Support your staff completely. Don't run in some tub thumper for a rodeo when your own man can do a better job. Support the ringmaster in the matter of photographers in the ring.

Schedule everything in advance. Don't spring some exhibition in the middle of the afternoon just to please Aunt Mary. It louses up the whole show and even the stable swipes get shook up by this sort of thing.

Let the ringmaster give the calls in all equitation classes. The P.A. can help in other classes.

Shut down the organ when the hunters are showing, especially green colts.

If he uses field phone, walkie-talkie or inter-com give him a chance to use them . . .

(Editor's Note) We would like to add the

following - After the show is over be sure to send the results to the newspapers, radio station, etc., just in case someone might want to know what happened at your horse show. Down through the years we have received reams and reams of advance publicity, which obviously we cannot use, but after the show was over and the equipment packed no one thought to send the official results to the press, etc.

We make every effort to get the summaries published. It is our contention that if publicity men would send in the results of horse shows to their newspapers, radio stations etc., it would do more than anything that we can think of to get horse shows into the sporting section. M.R.

AMHS Affiliates

With AHSA

The board of directors of the Association of Maryland Horse Shows, Inc. has announced its affiliation with the American Horse Show Association and its intention to continue efforts to conform Maryland class specifications to those of the AHSA. Major changes will be in the pony and hunter divisions. The rules committee is working diligently toward having the 1960 Maryland rule book out during the first week of April.

Plans are well underway for a successful show season with 22 member shows at present and more expected. In preparation for the coming season, the measurement committee has announced that ponies on the western shore will be measured on Sunday, April 24th from 12 to 3 p.m. at Timonium. Those ponies on the eastern shore to be measured will be done at the shows.

The public relations committee stressed the fact that horse showing in general has a history of inadequate publicity. To improve the situation, plans were set forth which include continued society coverage, more extensive magazine coverage, inclusion in the sports sections of local papers and direct communication with individual show publicity committees. It is the desire of the committee to increase the spectator-gate receipts suf-

ficiently to support the show, rather than have the burden fall upon the exhibitor.

Championship Awards

Some 150 horse enthusiasts from throughout Vermont attended the annual awards banquet of the Vermont Horse Shows Association at the Pavilion Hotel in Montpelier on November 21, 1959. Forty awards were presented to horses and riders of various divisions winning division championships or reserve championships on the basis of points earned at VHSA shows during the year. Nineteen registered shows were held in Vermont during the 1959 season.

Speaker at the annual banquet was Luther Kinney, head of the Morgan Horse Farm in Middlebury, who spoke on the activities of the farm, operated by the University of Vermont Agricultural College, as an experimental breeding station.

1959 Championship Record Index

Listed below are the horses which won championships in the shows carried in our 1959 CHAMPIONSHIP RECORD. The numbers listed after each horse correspond to the numbers given to the shows in the 1959 listings. By matching the numbers listed after each horse and the corresponding numbers given to each show in the 1959 Record, the number of championships and reserve championships and the shows in which they won can be determined.

EASY
LOADING

A horse's eye view of the famous Rice "BEAUFORT DOUBLE" Horsebox Trailer, shown here with front unloading ramp open. If desired a wide entrance may be presented to the horse by swinging the rear end of the partition to either side. It is easily understood why shy loaders walk willingly into Rice Trailers.

WASHINGTON STATE HORSEMEN INC.

The 1959 Convention of the W.S.H. was held at the Davenport Hotel in Spokane, Washington. The unique welcome extended President and Mrs. Max Iversen and Executive Secretary Yvonne McDonald by the horsemen of Spokane, included a real stage coach ride through the snow covered

streets of the city. The coach was one which was used on a regular run between Pendleton and Canyon City, Oregon over 50 years ago.

During the convention new and modernized By-Laws were presented and accepted by delegates from 51 of the member

clubs of Washington State Horsemen Inc.

Max Iversen was re-elected to serve as President and Virginia Lewis of Spokane was elected Vice-President for 1960.

The Washington State High Score Awards were presented at the banquet held on Saturday evening. Observer

1959 CHAMPIONSHIP RECORD

Listed below are records compiled from reports of horse shows held in 1959 and published in The Chronicle. All of the shows offered hunter, jumper, hunter pony or hunter equitation classes, these being the divisions to which The Chronicle horse show coverage is limited. The list includes championships in conformation hunter divisions, both regular and green; in working hunter divisions, both regular and green; grand hunter; hunter pony; and hunter seat equitation. Both champions and reserve champions are given as well as the name of the show, the place, date, judges, horses, owners and (in equitation divisions) riders. Although some shows did not offer championships we list them nevertheless with the thought that this information is also of interest.

POST ENTRY \$600.00 BEFORE NOON WEDNESDAY, OCT. 19th

1. All fees must be paid on or before the dates specified or nominations will be cancelled without refund, and the monies forfeited will go to the Sweepstake fund.

2. A horse may change ownership and retain his eligibility under the new owner, provided the Pennsylvania National Horse Show is so advised and the new owner keeps up all payments due, if any.

3. Should any unforeseen conditions cause the cancellation of this event, the monies paid in will be equally divided among the nominations still eligible at the time the event is cancelled, less expenses.

4. The Pennsylvania National Horse Show reserves the right to reject any nomination and to return any fees without being liable for compensation.

5. The jumper course for this Sweepstake will be published in the 1960 Pennsylvania National Horse Show Prize List which will be distributed the latter part of August.

6. If more than 50 horses are eligible for this Sweepstake, then

eliminations may be held to select the top 25 horses for the "Big Jump" event.

7. There will be no refund of any amount made for any reason. Once your fee is received it will be placed in the Sweepstake Fund and will eventually be divided among the ribbon winners of the "Big Jump."

8. All horses nominated must be accurately described on the entry blank, giving sex, color, height, age, accurate markings, A.H.S.A. and T.B. registration numbers, if any.

9. All horses eligible for the "Big Jump" must be entered and shown in at least one other event in the Jumper Division at the Pennsylvania National Horse Show of 1960 prior to Thursday evening, October 19th.

10. Any nomination made on the attached entry blank is made with the complete understanding of the above conditions which I have read carefully. I certify that I will be governed by them and any other conditions which the management of the Pennsylvania National Horse Show deem required even though said conditions are not listed above.

We, the Professional Horsemen's Association of America, offer again the Professional Horsemen's Trophy Class. We sincerely hope that Show Committees and Managers will include this class in their forthcoming Shows. This class, offered this year for the 16th time in the Open Jumper Division, with cash prizes, proved to be one of the outstanding classes of the year, in 112 major shows. We offer this class to bring in more revenue to needy members of our profession, to whom everyone connected with horses and horse shows owes a great deal in loyalty, patience and good fellowship.

Kindly notify me as soon as possible if you wish to include this class in your Show, so that a check for the prize money may be forwarded to you in good time.

It should be understood that all entry fees obtained in this class shall be forwarded to the Professional Horsemen's Association of America.

The conditions of this class follow:

Conditions of P. H. A. Trophy Class

Donated by Mr. and Mrs. W. R. (Bob) Ballard for amateur or professional riders over eight or more fences, first fence to be four feet high, with or without wings, performance only to count; that horses entered in the Cup Class must compete in two other open classes of the same show. Horses placing first, second, third and fourth will be scored ten, five, three and one point respectively except in an "A" Show, which shall carry double points. These points shall be counted toward the yearly Championship, and the horse winning the greatest number of points throughout the season, shall be judged P.H.A. open Jumper Champion, and receive the Challenge Trophy and Ribbon. Reserve Champion to receive Replica and Ribbon, both of which awards will be made at the 1960 National Horse Show.

To hold this Class, permission must be obtained from the Chairman and class must be listed in the prize list of the Show. Class can be held only once during each Show, and must be an A.H.S.A. Show.

Entry Fee — \$10.00**1st — \$50.00****2nd — \$25.00****3rd — \$15.00****4th — \$10.00****All communications shall be addressed to:****JOE MAGUIRE - - - WILLIAMSTOWN, MASSACHUSETTS****Telephone: Glenview 8-4490****P. H. A. Trophy Committee****Pat Dixon

Letters To The Editor

Continued from Page 5

folks don't do something to put a stop to these abuses, the Tennessee Walking Horse is going to do for Tennessee what the chain gang did for Georgia.' This is the view that thousands all over America have taken. Make no mistake - people are thoroughly aroused.

"Cognizant of the fact that we have a problem, we have made certain sweeping changes in our rules - the rules which govern the performance of duty by our judges. These rule changes are drastic. They were meant to be, because the impact of the unfavorable publicity we have received is also drastic, and because the situation to be corrected is indefensible.

"There is, of course, a small dissident group who cry out against these rule changes." They tell us, "This has been over-emphasized. There is not as much cruelty as has been alleged. We will be good - but let us still have the old bell boot." What they are really saying is that they want to keep horses sore and therefore keep the sore horse lick.

"Either we stand behind the principle and the practice of soreing Tennessee Walking Horses or we stand unalterably opposed to it. Our rules are aimed directly at this point - and they are directly binding upon our judges. Let us - and let our chosen judges, in whom we have reposed our implicit faith and confidence - bend every effort to honor and enforce them.

"Nothing we do at this point would be of greater service to our beloved Tennessee Walking Horse."

Dear Sir: "Fine"

The Chronicle is a fine publication which furnishes us all a great deal of pleasure. I think if more people would trouble to give the whole equine business a little more careful thought and then pass their thinking on to you where it can be used, we would all be better off. The Chronicle is "The Bible". Everyone reads it. What is carried within its columns does have weight and as such, can and should benefit the whole sport.

Sincerely,
P. T. Cheff

U.S.E.T. Ambassadors

Dear Mr. Stone:

I should like to convey to you, and through you to the members of the United States Equestrian Team, my appreciation for its participation in the Rome Horse Show this year.

In addition to providing me with the personal pleasure of seeing and meeting some very fine young horsemen, the team's trip to Rome made an impression on the Italian people which I regard as a contribution to good Italo-American relations.

The Horse Show in Rome is one of Italy's leading social and sporting events, and is eagerly followed by Italians in all walks of life. The magnificent record made by the United States Equestrian Team (winner of the Prix des Nations) received wide publicity in the Italian press

and on radio and television, and was a leading subject of conversation and compliments to the United States. Please tell the members of the team that their sportsmanship has left behind them here a fund of good will for themselves and for their country.

It is with great pleasure that I have learned that we may again expect to see an American equestrian team of high quality in Rome next September, for the Olympics.

Sincerely,
James David Zellerbach
American Ambassador

Our New Schooling Helmet

The great success of our Boltaron Protective Helmet at the Race Tracks created a demand for a similar helmet for schooling jumpers. This new model will give you the head protection required when schooling, save your velvet hunt cap for shows and hunting. The black Boltaron body has shock proof cushioned padding and Nylon suspension with "Void Space" between the top of head and helmet to eliminate shock contact. Has adjustable Strap. In all sizes for adults and children.

Price . . . \$14.95

Send for our new 136 page catalog 90¢ of saddlery, riding clothes and stable needs. Just off the press.

Central Pa. Junior Awards

Young riders in the Central Pennsylvania Junior Horse Show Association received their annual championship tricolors and silver trophies at a dinner dance in the Harrisburg County Club October 3, 1959, with 150 young people and adults attending.

There are 9 clubs in the Association which hold shows throughout the summer season. Points are awarded on a cumulative basis at the end of the season for champions and reserves.

The figure "9" came into prominence this year, as by an odd coincidence there were 999 entries in the 9 shows, according to Association President John A. Bogar, "If one person hadn't stayed home one time, we'd have had an even 1000," he commented.

The six most important and most handsome trophies were awarded to the equitation winners. Four of these, new this year, were donated by the Pennsylvania National Horse Show. Major General Albert H. Stackpole, president of the Penn. National, vice president of USET and a director of AHSA, was there to make the presentation.

Another new trophy this year was donated by the H. & H. Farm Tack Shop. This was given to the high point winner in the equitation division where there has been the most competition other than the Hunter seat equitation division for riders 14 to 19 years of age, in which the Josey Mohler Memorial Perpetual challenge cup is awarded. This new trophy, also a perpetual Challenge Cup, could have gone to any other equitation division, but by another coincidence went to the winner of the division for hunter equitation rider under 14 years of age, Miss Caryl Rahn.

The Association has increased in membership from 73 senior and junior members last year, to 327 senior and junior members. The senior members act in an advisory capacity to the juniors.

Two prominent horse show judges, John J. Burkholder, of Lancaster, Pa., and Christopher Wadsworth of Holicong, were speakers. Mr. Burkholder spoke of the AHSA and how to use its services, while Mr. Wadsworth spoke on "Good Manners." He suggested that the association have a trophy for good manners next year, and officials said they would take up the idea.

ASSOCIATED HUNT CLUBS OF OREGON

The Associated Hunt Clubs of Oregon will hold their Annual Ball April 16th, featuring the presentation of awards to the Champion Hunters and Jumpers of 1959.

The Hunter Championship will go to Camden Call, owned by Joanne and Barbara Herron, of Portland. A chestnut Thoroughbred, (by Crystal Shiek Miss Doran, by Doran) she went as a five month old weanling to Miss Lucy Malarkey. Lucy raised the filly herself, and loved her dearly. When she was old enough Lucy trained her, and in 1957 started to show her in English pleasure classes. Meanwhile Lucy had come to feel more and more strongly the call to a vocation as a nun. This brought up the problem of finding a home for her pet. She had watched the young daughters of Mr. and Mrs. Joseph C. Herron sharing their pony, and making a

fine record as junior riders. Lucy gave the mare to Joanne and Barbara, to be loved and cherished as always. They continued with Camden Call's show career, and this year Camden was a consistent winner in the mature hunter division, with Barbara riding. Sister Daniel Mary of the Convent of the Holy Child, Rosemont, Pennsylvania, knows that her trust was well placed.

The Green Hunter and the Green Jumper Champions were both ridden by long time professional Gerry Smith, Blue Chip, a grey gelding by Casa Royal, owned by Mrs. Robert Ackerman of Oswego, was the top Green Hunter. He has since been sold to Miss Carol Padelford of Seattle.

The Green Jumper was Peligal, owned by Pine Creek Ranch. This mare, a Quarter Horse, is reported to have done well on the Arizona tracks before coming to Oregon.

The regular Jumper Champion was Mistletoe, owned and ridden by Charis Sherman. This small girl was not fourteen until after the season's shows were over, but she and her very honest mare set a standard none of the older riders could match. Charis and Mistletoe learned to jump together, and both of them seem to enjoy it.

C.R.E.

West Virginia Horseman's Assn.

At a meeting of the West Virginia Horseman's Association, at Weston, West Virginia, the middle of January, two important items were raised for discussion and voted upon. One being that all judges of shows in the Association had to be recognized by the American Horse Shows Association and no judge could judge more than two shows of the Association in one season.

The other item, and one important to those of the Association who have hunters, was the addition of a Hunter Division for High Point Awards. Though some shows in the Association have had hunter classes, mostly those shows bordering Pennsylvania and Ohio, these classes have not been considered for High Point Awards.

Mr. Bertram (Bert) Cence, former Honorary Huntsman and Joint Master of the Chestnut Ridge Hunt, at Uniontown, Pennsylvania, for years, has been very instrumental in bringing more hunters and hunter classes to the West Virginia shows. Mr. Cence is now a resident of Kingwood, West Virginia, and is chairman of the Buckwheat Festival Horse Show, a Class A show in the West Virginia Horseman's Association.

At the present time there is not a recognized hunt club or any hunt club activity operating in the State of West

Virginia but, with the growing interest of people in hunters and now especially with the division being added for High Point Awards, we feel a hunt club is definitely in the offing.

Also, brought up for discussion but tabled until the Board meeting in April was a suggestion of a division for Hunter Seat Equitation. To establish and have a thoroughly organized hunt club, most of us who have hunted know juniors are essential for the growth of a hunt club and for interest in hunter divisions at horse shows. We hope the Board will pass upon this suggestion but feel already the West Virginia Horsemen's Association has made great strides toward establishing Hunters in the State of West Virginia.

U.S.E.T. HIGH SCORE AWARDS DRESSAGE CLASSES

1. In order to stimulate interest in simple and basic dressage as a means of improving the training of horses and the ability of riders, announcement is made of U.S.E.T. Awards in Dressage Tests "A" and "B". These tests for 1960 are laid down in the 1960 Appendix to the AHSA "Notes on Dressage".

2. A trophy in each AHSA Zone will be awarded by the U. S. Equestrian Team, Inc., to the rider who gains the most points during the year in Tests "A" and "B".

3. Competitions will be approved subject to the following conditions: (a) Competition in these dressage classes must be offered in at least three events in each Zone with each Class having a minimum of five contestants. (Points to be awarded: 5 - 3 - 2 - 1).

(b) Organizing Groups who are not already AHSA Member Shows should become Dressage Event Members (fee \$30.00) which entitles the Group to schedule AHSA, USET and PHA Dressage Medal Classes.

(c) Employing the tests specified in the 1960 Appendix to "Notes on Dressage", events must schedule the "A" and "B" Tests on the same day.

(d) Each Award winner must have competed in a minimum of three Shows and five Classes.

(e) The same combination of horse and rider is eligible to compete in Tests "A" and "B" but only for one year or a maximum of five rides. (Horse Show)
